

LWVKY HOUSE DRAFT MAPS OVERVIEW

The League of Women Voters of Kentucky built these Draft Maps using 2020 Census data. We're sharing them as seven regional maps to provide bigger images that are easier to study: Central, Eastern, Jefferson and Surrounding Areas, Northern, Southern, Southwestern, and Western.

We are gathering input from around the Commonwealth, and we'll use what we hear to create new Recommended Maps for submission to the General Assembly. We welcome your feedback at tinyurl.com/lwvmaps any time up to November 15, 2021. You can also send questions to info@lwvky.org.

WHAT IS REDISTRICTING?

After each federal census, redistricting is the process of drawing new boundaries for congressional and state legislative districts.

Using 2020 Census data, Kentucky redistricting will decide on:

- **6** US Congressional seats
- **38** Kentucky Senate seats
- **100** Kentucky House seats
- **Many** judicial, city, county, and school board seats

WHEN WILL THE GENERAL ASSEMBLY REDISTRICT KENTUCKY'S SEATS IN THE U.S. HOUSE, STATE SENATE AND STATE HOUSE?

At least three scenarios are possible:

- **Fall 2021** action during a special session to create districts for 2022 elections
- **January 2022** action very early in the regular session to set districts for 2022 elections and move the January 7 filing deadline back a few weeks or months
- **February/March/April 2022** action later in the regular session to set districts for 2024 elections

WHY DOES REDISTRICTING MATTER?

Redistricting can make it easier or harder for:

- **Voters** to learn about candidates
- **Citizens** to communicate with representatives
- **Parties** to compete against another
- **Members of racial minorities** to elect candidates they prefer
- **Regions within a state** to get distinctive interests considered

WHY DID THE LEAGUE CREATE DRAFT MAPS?

We used 2020 Census data to develop district maps for the US Congress, the Kentucky Senate, and the Kentucky House. We're using them to:

- **Inform** our fellow Kentuckians about how fairer, simpler maps can look
- **Advocate** fairer, simpler maps that reflect wide public input in discussions with legislators and other citizens
- **Gather input** at events around the state to use when we develop **Recommended Maps** to share with the legislature later this fall

WHAT PRINCIPLES WERE FOLLOWED IN MAKING THE DRAFT MAPS?

The Draft Maps were designed to fit three legal rules:

- **One person, one vote.** Districts must be nearly equal in population. U.S. House districts must be very, very close to perfectly equal. Kentucky Senate and House seats must be within 5% of perfectly equal size.
- **Opportunity.** Redistricting must provide “districts of opportunity” where minority voters have a chance to select representatives of their choosing.
- **County lines.** Kentucky Senate and House districts must not divide counties except when needed to create nearly equal districts.

The Draft Maps were also designed with three additional goals in mind:

- **Compact districts.** We tried to have the parts of a district in easy reach of one another.
- **County seats.** When we divided a county, we tried to create a district that inside that county that included the county seat—and we succeeded most of the time.
- **Indifference to incumbents.** We designed districts to fit the rules and additional goals, without considering how that might affect current legislators.

WILL THE DRAFT MAPS BE REVISED AGAIN?

Yes. After gathering public input, the League will create Recommended Maps to share with the General Assembly. Those maps will also have more precise lines. THE Draft Maps use districtr.org software to map districts composed of Census block groups. That lets us get close, to exactly equal districts, but not quite close enough. The Recommended Maps will use Maptitude software to assign individual Census blocks to get very close to six exactly equal districts.

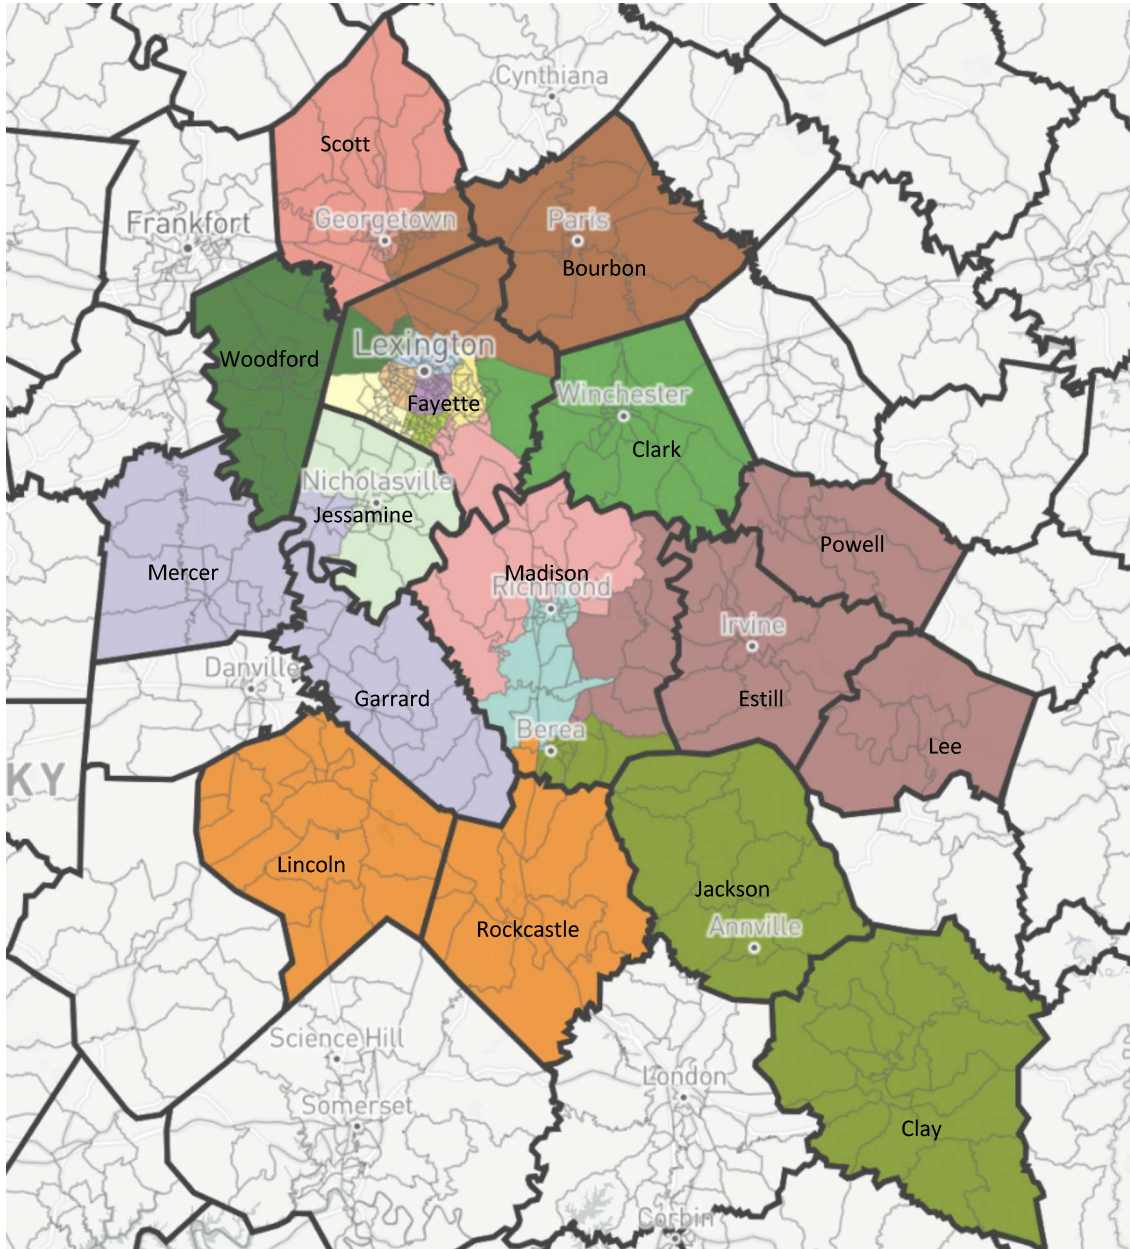

At www.lwvky.org, you can find these House Maps, along with U.S. Congressional Draft Maps and Kentucky Senate Draft Maps. We welcome your feedback at tinyurl.com/lwvmaps any time up to November 15, 2021 You can also send your thoughts or questions to info@lwvky.org.

The League of Women Voters of Kentucky, a nonpartisan political organization, encourages the informed and active participation of citizens in government, works to increase understanding of major public policy issues, and influences public policy through education and advocacy. As a nonpartisan body, the League takes action on issues but does not support or oppose candidates or parties. The League supports diversity, equity and inclusion in membership and programming. LWVKY HOUSE DRAFT MAPS EASTERN KENTUCKY

The League of Women Voters of Kentucky built these Draft Maps using 2020 Census data. We are gathering input from around the Commonwealth, and we'll use what we hear to create new Recommended Maps for submission to the General Assembly. We welcome your feedback at tinyurl.com/lwvmaps any time up to November 15, 2021. You can also send questions to info@lwvky.org.

Eastern Kentucky Counties in Districts with No Divided Counties	District Population
Bath, Menifee, Montgomery	46,977
Breathitt, Magoffin, Morgan, Wolfe	45,645
Elliott, Fleming, Rowan	47,098
Leslie, Owsley, Perry	43,037

Eastern Kentucky Counties that Are Part of a District Set with One or More Divided Counties	Population of Set of Counties	Number of Districts	Average District Population
Bell, Harlan, Knott, Letcher	86,727	2	43,364
Boyd, Carter, Greenup, Lawrence, Lewis	140,223	3	46,741
Floyd, Johnson, Martin, Pike	128,578	3	42,859

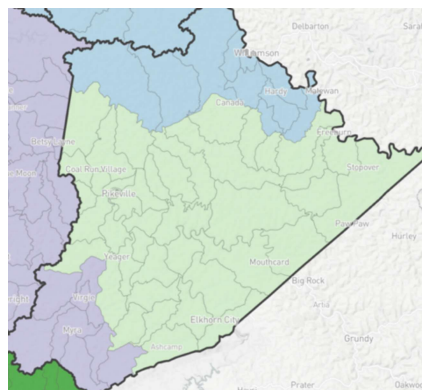

BOYD COUNTY DETAIL

Boyd is divided into three districts with other one shared with Greenup to the north, one with Carter and Lewis to the east, and one with Lawrence to the south.

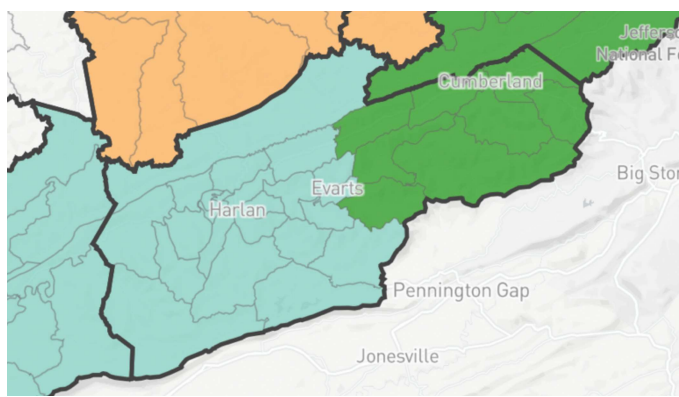

PIKE COUNTY DETAIL

One district is entirely in Pike County and includes Pikeville. Others are shared with Floyd and with Johnson and Martin.

HARLAN COUNTY DETAIL

Harlan County is divided into two districts, one shared with Bell to the west and another shared with Letcher and Knott to the east. Harlan was split because Bell County was too small to be its own district and too large to combine with any other whole county.
